Name: **JEFF KAPLAN**
Attention: **JEFF KAPLAN**
Phone: **+1 (717) 274-8310**
Email: **jkaplan@accustarlabs.com**

Radon Services

Please note:

Addition of services should be done prior to renewal. You may not add services as a part of your renewal transaction. If you wish to add services at this time, you should submit a paper application.

Service: **Stationary Lab(air) - Analyze radon devices at a lab**

QA Plan Update

With the exception of mitigation services, all radon services require a QA plan that is updated and/or reviewed every two years.

Will you submit a QA plan update or review as part of this year's renewal? Note that if you were alerted after signing in that the Radon Section does not have current documentation, this is mandatory.: **Yes, I will submit an updated plan**

Proficiency Check

Air Labs (including testers using direct read continuous monitors and electret readers) require proficiency checks every two years.

Will you submit proof of proficiency as a part of this year's renewal? Note that if you were alerted after signing in that the Radon Section does not have current documentation, this is mandatory.: **Yes, I will submit proficiency documentation**

Quality Assurance Plan

Based on the radon services provided by the company, you must submit a Quality Assurance plan. Please note that your renewal will be "Pending" until radon staff confirm that you have submitted the appropriate QA document(s).

3_-Quality_Manual_2018_Rev17.pdf

Proficiency Check

Air Labs (including testers using direct read continuous monitors and electret readers) require routine proficiency checks. You must submit a copy of documentation to show proficiency testing within the last two years. Please note that your renewal will be "Pending" until radon staff confirm that you have submitted the appropriate document(s).
